# ABOUT US

Mfg. & Suppliers of all type of silicone tube, braided tube, sleeve, strips, inflatable gaskets , cord, o ring etc.

Pressure Flat Phase Cou

PM SILTECH established in 2017

Manufactures a wide range of Silicone Rubber Products For Most Precious and intricate applications for Food, Pharma, Medical and Heavy Engineering sectors in India and for overseas customers.

The Company enjoys a high reputation among the major pharmaceutical giants in India. The Company is headed by qualified Rubber Technologists from Premier Institutes from India, coupled with rich experience in R&D and reinforced with management capabilities.

---

# THERE'S A REASON TO CHOOSE US

AADESH ENGINEERING

FACTORS THAT HAVE HELPED US  
IN REACHING TO SUCCESS ARE:

---

- 
- Timely delivery
  - Transparent dealings
  - Customer-oriented approach
  - Premium quality products
  - Efficient workforce

# HIGH PRESSURE FLAT PHASE COUPLING

## USES

Scientific, electric,  
photographical  
measuring, apparatus  
for recording  
transmission  
reproduction of sound or images  
data processing equipment  
computers.

**High Pressure Flat Phase Coupling**  
Size : 1/4 to 1

**High Pressure Flat Phase Coupling**  
Size : 1/4 to 1

# HIGH PRESSURE SCREW TYPE COUPLING

Size : 1/4 to 1

## USES

Scientific, electric,  
photographical  
measuring, apparatus  
for recording  
transmission  
reproduction of sound or images  
data processing equipment  
computers.

**High Pressure Screw Type Coupling**  
**Size : 1/4 to 1**

# HIGH PRESSURE SCREW COUPLING (POPET TYPE)

Size : 1/4 to 1

## USES

Scientific, electric,  
photographical  
measuring, apparatus  
for recording  
transmission  
reproduction of sound or images  
data processing equipment  
computers.

High Pressure Screw Coupling (Popet Type)  
Size : 1/4 to 1

High Pressure Screw Coupling (Popet Type)  
Size : 1/4 to 1

High Pressure Screw Coupling  
(Popet Type Coupling)  
Size : 1/4 to 1

High Pressure Screw Coupling  
(Popet Type Coupling)  
Size : 1/4 to 1

# HIGH PRESSURE SCREW COUPLING (POPET TYPE FEMALE COUPLING)

Size : 1/4 to 1

## USES

Scientific, electric,  
photographical  
measuring, apparatus  
for recording  
transmission  
reproduction of sound or images  
data processing equipment  
computers.

High Pressure Screw Coupling  
(Popet Type Female Coupling)  
Size : 1/4 to 1

High Pressure Screw Coupling  
(Popet Type Female Coupling)  
Size : 1/4 to 1

High Pressure Screw Coupling  
(Popet Type Female Coupling)  
Size : 1/4 to 1

# HIGH PRESSURE SCREW COUPLING (BOLT TYPE COUPLING)

Size : 1/4 to 1

## USES

Scientific, electric,  
photographical  
measuring, apparatus  
for recording  
transmission  
reproduction of sound or images  
data processing equipment  
computers.

**High Pressure Screw Coupling**  
(Bolt Type Coupling)  
**Size : 1/4 to 1**

# HIGH PRESSURE INDUSTRIAL QUICK RELEASE COUPLING

Size : 1/2 to 1/2

## USES

Scientific, electric,  
photographical  
measuring, apparatus  
for recording  
transmission  
reproduction of sound or images  
data processing equipment  
computers.

**High Pressure Industrial Quick Release Coupling**  
**Size : 1/2 to 1/2**

# HIGH PRESSURE FLAT PHASE SCREW COUPLING

Size : 1/4 to 1

## USES

Scientific, electric,  
photographical  
measuring, apparatus  
for recording  
transmission  
reproduction of sound or images  
data processing equipment  
computers.

**High Pressure Flat Phase Screw Coupling**  
**Size : 1/4 to 1**

# HIGH PRESSURE SCREW TYPE COUPLING (BOLT TYPE COUPLING)

Size : 1/4 to 1

## USES

Scientific, electric,  
photographical  
measuring, apparatus  
for recording  
transmission  
reproduction of sound or images  
data processing equipment  
computers.

**High Pressure Screw Type Coupling  
(Bolt Type Coupling)  
Size : 1/4 to 1**

# AGRICULTURE QUICK RELEASE COUPLING

Size : 1/2 to 1/2

## USES

Scientific, electric,  
photographical  
measuring, apparatus  
for recording  
transmission  
reproduction of sound or images  
data processing equipment  
computers.

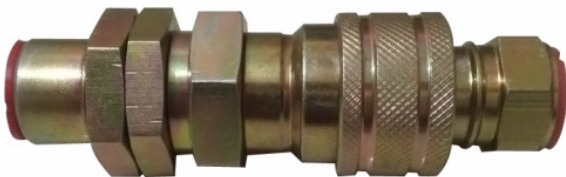

**Agriculture Quick Release Coupling**  
**Size : 1/2 to 1/2**

# AGRICULTURE QUICK RELEASE COUPLING

Size : 1/2 to 3/8

## USES

Scientific, electric,  
photographical  
measuring, apparatus  
for recording  
transmission  
reproduction of sound or images  
data processing equipment  
computers.

**Agriculture Quick Release Coupling**  
Size : 1/2 to 3/8

**Agriculture Quick Release Coupling**  
Size : 1/2 to 3/8

# AGRICULTURE QUICK RELEASE COUPLING

Size : 1/2 to 1

## USES

Scientific, electric,  
photographical  
measuring, apparatus  
for recording  
transmission  
reproduction of sound or images  
data processing equipment  
computers.

**Agriculture Quick Release Coupling**  
**Size : 1/2 to 1**

# HIGH PRESSURE SCREW COUPLING (BOLT TYPE MALE COUPLING)

Size : 1/4 to 1

## USES

Scientific, electric,  
photographical  
measuring, apparatus  
for recording  
transmission  
reproduction of sound or images  
data processing equipment  
computers.

**High Pressure Screw Coupling**  
(Bolt Type Male Coupling)  
**Size : 1/4 to 1**

# HIGH PRESSURE SCREW COUPLING (BOLT TYPE MALE COUPLING)

Size : 1/4 to 1

## USES

Scientific, electric,  
photographical  
measuring, apparatus  
for recording  
transmission  
reproduction of sound or images  
data processing equipment  
computers.

**High Pressure Screw Coupling**  
(Bolt Type Male Coupling)  
**Size : 1/4 to 1**
